Hot Lunch Domino's

Ready, Set, Learn in the Gym 6-7 pm

THURSDAY, May 11 and SATURDAY, May 13

Garden Beds Building and Filling: Students have finished their first out of the four lessons on gardening. This Thursday, volunteers partnered with NEAT will be building the raised garden beds. This Saturday, NEAT is hoping people from the community have time to help fill the beds. To help, bring your wheelbarrow or tractor with a bucket to haul loads of soil, compost and sand from the piles to the beds. Or bring your shovel to fill the wheelbarrows and stir the soil in the beds. We realize this is short notice; any time students and parents have will be very appreciated, thanks!

FRIDAY, May 12
